

Shoalhaven Planners both Council staff and local consultants recently celebrated world Town Planning Day, with a lunch at Carluci's Kitchen in down town Nowra (South Coast NSW).

World Town Planning Day was established in 1949 by Professor Carlos Maria della Paolera of the University of Buenos Aires to "*advance public and professional interest in planning*" (America Planning Association).

The focus of WTPD is to provide community education, recognition of the role of planning in the community and the celebration of a profession.
